Summer Breeze Makes Me Feel Fine

Blazing sunshine, warm weather! Summer is quickly approaching! Now is the time to motivate your team with some extraordinary outdoor teambuilding events. The nice weather may have your group thinking about a day outside of the office.

As the work days seem longer, have you noticed...

- Decreased productivity?
- Employees requesting more time out of the office?
- Substandard customer service?
- Cranky attitudes on the job?

This summer, be proactive and get your team together for a morale boost, and learning opportunity with one of CMI's teambuilding events!

At CMI, we are constantly coming up with ways to stay ahead of the changing seasons in the Midwest. It's not too late to plan your outdoor events for the upcoming months. It's also a perfect time to plan indoor activities!

Check out these awesome outdoor events:

- *Teambuilding sessions in local parks or at the beach*
- *Horsing Around with CMI*
- *Orienteering/Scanveger Hunt Adventures*
- *Teambuilding kayaking*
