End of Summer, Don't "Fall" Behind

*"Stay alive, stay active, and get as much **practice** as you can."* – Frank Sinatra

*"An ounce of **practice** is worth more than tons of preaching."* – Mahatma Gandhi

*"It's a funny thing, the more I **practice** the luckier I get."* – Arnold Palmer

These famous performers have discovered the importance of practice ... have you?

Since 1984, we have been helping our clients discover the value of practice. By delivering a simulated work environment, workers can identify how they could be performing more powerfully together back in the office. With constant practice, any skill can and will get better.

We've worked with various industries including Construction, Food Manufacturing, Banks, and Information Technology, to name a few. Our most popular program, **Creating High Performance Work**

Teams, has yielded great results.

Fall is approaching fast and it's time to start thinking about the implications this may have on team morale and efficiency.

As the days grow shorter, have you noticed ...

- **Productivity slowing down?**
- **Employees seeking more time out of the office?**
- **Less than outstanding customer service?**
- **Cranky attitudes on the job?**

This year, be proactive and get your team together for a morale boost and learning opportunity with one of CMI's teambuilding events!

At CMI, we are constantly coming up with ways to stay ahead of the changing seasons in the Midwest. It's not too late to plan your outdoor events for September and October. It's also not too early to plan your indoor events for November and December!

Wouldn't it be nice to take your group outdoors for a teambuilding session? This would be a great time to improve communication, learn about each other outside of the office setting, and look at ways to develop collaboration and teamwork skills.

We understand budgets and cutbacks, so we are offering special pricing! Give us a call at 708-383-7970 today to learn more about our programs or to customize a program for your group, organization or company. You can also visit our website at <http://www.cmiteamwork.com/> for more information.

What's New at CMI?

In addition to helping companies grow and develop through teambuilding initiatives, Bruce Hodes is also offering speaking presentations that focus on various topics including Creating High Performance Teams, Leading and Planning in Today's Economy as well as How to Take the Family out of Family Owned Businesses. To learn more about the different speaking offerings, give us a call!
